Re: FY15/16 R9 Strategic Plan -Water Accomplishments

Hi All – We need to provide Fatima with updates to the FY15/16 R9 strategic plan – water section. Last week, Paul incorporated updates from the ADs. If each of you could complete a quick review of the document and let me know if you have any last minute changes. I'd need to provide this to Fatima by cob Friday, 10/2. David, could you review the document for W-3. Nancy, did you have any changes for the HI/Pacific Islands section.

Thanks,
KG
